

Day 14: Check-in

Name: _____

Date: 9/26/2025

1. What does the program `pandoc` allow us to do?
2. How are Google docs and Microsoft Word docs fundamentally different from `.txt`, `.html`, and `.tex` files?
3. Analyze the following block of code, and describe what happens in each line.

```
$ curl -o pride_and_prejudice.txt https://gutenberg.org/files/1342/1342-0.txt
$ mkdir p_and_p
$ mv pride_and_prejudice.txt p_and_p
$ mv pride_and_prejudice.txt p_and_p.txt
$ cd p_and_p
$ grep "yes" p_and_p.txt | wc -l
```
